

## **Weslaco ISD Technology Vision Statement**

The purpose of education is to prepare students to be productive and creative adults. Within this context, we believe that technology is a tool for learning that expands our instructional repertoire and is the vehicle that maximizes the capacity of all teachers and learners. It is the vision of the Weslaco Independent School District that students be engaged in a stimulating academic environment and a challenging curriculum that is student-centered and focused on inquiry-based learning.

Specifically, we envision that technology is available and effectively supported for all students and staff:

- To provide global access to information
- To meet the curricular needs of all learners
- To provide access to the general curriculum
- To refine critical thinking skills and foster creativity
- To provide a medium for expression and communication
- To collect, assess, and share performance information
- To improve the effectiveness of administrative tasks
- To provide skills and proficiencies necessary for the workforce
- To empower 21st learners

## **F. D. Roosevelt Elementary Technology Vision Statement**

F. D. Roosevelt Elementary envisions that our students will have access to the technology that they need to be skilled problem-solvers. We will strive to ensure that all students develop high-order thinking skills and are empowered 21<sup>st</sup> Century Learners.
